5,984 Delegates

84,493 Total Participants

India-UAE Trade in Healthcare Services

The Tourism sector also holds promise for the two countries and has a good potential for future growth; a significant contribution to this growth would be facilitated through medical tourism. Emiratis have been increasingly availing Indian health services, including Indian Ayurvedic establishments and spas. The construction and maintenance of hotels, and the hospitality industry as a whole, offers tremendous scope of growth to the two countries.

With a view to build synergy and present a grand exposition of the strengths of the Healthcare services available in India , your active participation in the event is solicited in a befitting manner. This will help Indian Hospitals and Healthcare providers in reaching out to the world market which will contribute to trade promotion of the Country and investments in India.
