

7<sup>th</sup> November, 2024

Dear Sir/Madam,

**Subject: Opportunity for SEPC Members: Participate in Exim Bank's Overseas Projects under Government of India's Lines of Credit**

We are pleased to inform you about a valuable opportunity facilitated by Exim Bank under the Government of India's Lines of Credit (LOC) initiative. As many of you are aware, Exim Bank extends LOCs to overseas sovereign governments to enable the import of developmental and infrastructure projects, equipment, goods, and consultancy services from India. These projects span across sectors such as connectivity, power, water, and health, creating significant international business avenues for Indian companies.

As part of its lending role, Exim Bank conducts a *Prequalification (PQ) process for Contractors and Consultants*, enabling them to participate in these projects. We invite your members to engage in this process, which opens doors for potential projects in diverse geographies. Currently, Exim Bank is seeking prequalification applications for the following projects:

1. **Project Management Consultant (PMC)** for the *Strengthening of Water Supply Sustainability in Zanzibar, Tanzania*.
2. **Detailed Project Report (DPR) and PMC** for *Two Solar Projects* in the Republic of Guinea:
  - *Supply of Electricity and Drinking Water for 7 Universities*
  - *Electrification and Refrigeration in 200 Health Infrastructures*

For more information and access to the application documents, please visit: [Exim Bank LOC Tenders](#)  
Or contact [rohan.sharma@eximbankindia.in](mailto:rohan.sharma@eximbankindia.in)

With regards,

Team SEPC
