Sub: Legal Sector Vision Document - SEPC seeking Industry's views to make valid submissions to the Government

Dear Sir/Madam,

Greetings from SEPC!

SEPC in association with KPMG is preparing Vision Document on some of the key services sector. Legal services being one of the those, the report aims at outlining India's global positioning in the sector, international best practices adopted by some of the competing countries, challenges within the sector in India and key asks from government in terms of policy recommendation, financial support and institutional framework.

Therefore, to have a fair representation of the industry's voice, we would highly appreciate if you could please share one pager note covering the questions enumerated in the questionnaire (as attached). The inputs can be shared with Ms. Saumya Gupta (Deputy Director, Policy & Research) at **saumya.gupta@servicesepec.org**

Your response will be highly appreciated.

Thanking You in Anticipation,

With Best Regards,

Team SEPC
