

16 October 2024

Dear All

Subject: Adoption of Revised Memorandum and Articles of Association as per direction of Ministry of Commerce and Industry

This is further to our last communication dated 7th October 2024 on the subject.

As per directions of Ministry of Commerce and Industry, Export Promotion Councils must abide by the revised Memorandum and Articles of Association which includes the composition of Committee of Administration.

Having adopted the same with due concurrence of Ministry of Commerce and Industry, SEPC placed the suggested slight modification in the composition to CGC and all members for information and concurrence. The suggestions for slight modification were given to make COA broad based. The same has been concurred upon by our members. The revised Memorandum and Articles of Association are now in place and have become operative.

In line with the adopted Memorandum and Articles of Association, we would submit the followings:

- CGC will now be referred to as Committee of Administration (COA).
- Chairman will henceforth be called Chairperson
- There is no position of Chairman of any Sector
- The process of Election of COA as per the adopted Memorandum and Articles of Association will be initiated at the earliest.
- Elections will be held as per the revised composition.
- SEPC would be constituting regional sub-committees. Recommendations may be sent on dg@servicsepc.org

You all will be receiving communication from SEPC on your e-mail ids registered with SEPC. The e-mail ids issued by SEPC will be withdrawn in next two days.

We take this opportunity to thank everyone and look forward to continued positive contribution in your respective sectors.

With best regards

Karan Rathore
Chairperson
